- The bus gates are located on the ground level, outside of the West Entrance of the station. Use escalators to go down. Wait at Bus Gate No.22, which is next to Bus Gate No.21 for the limousine busses to and from Okayama Airport.
- A bus has two doors, one in front and the other in middle of the left side. The middle door is the entrance, and the front door is the exit. When you get on the bus through the middle door, take a number slip which shows the area number of the bus stop. This area number is used to determine the fare, when you get off the bus.

- In your case, the fare is 210 yen. You pay the exact amount when you get off the bus, together with the slip. If you do not have the exact amount, then first use the change machine. It accepts only 1,000 yen bills, 500 yen coins, 100 yen coins, and 50 yen coins. For example, if you put one 100 yen coin into the change machine, then it will give you one 50 yen coin and five 10 yen coins. Make sure you pick them all.

- Actually there is no need to take a number slip, because 210 yen is the highest fare on this bus.
